

APPEAL FOR OLD HOUSE PHOTOGRAPHS

The Edmundian Association is compiling a complete set of all the House photographs taken since the House system was established at the College in 1922. This exercise has never before been undertaken, and we are appealing for your help because the College archives currently only contain about 45% of all the images. As well as attempting to complete the set, we are digitizing the images so that back-up copies can be stored safely and so that some of the older pictures can be made available to OEs or family history researchers. We are undertaking a similar exercise for Sports team and other photographs. A list of the missing House photographs is below.

How you can help

If you have a copy of one or more of the photographs listed above, we would like to borrow them so that we can copy them using our high-resolution image scanner. We will look after them carefully and return them to you as soon as possible. A number of the photographs we already have are damaged or too small. Some are only black and white when we know there are colour equivalents. We would like to make better copies of these also. In the first instance, please contact us at archives@edmundianassociation.org.uk to advise which photographs you are able to lend. We thank you in anticipation of your help.
